

Starting it Off Right Assignment

Justin Daigle, CJE

Learning Target

SWBAT will hook their reader by choosing the best lede that will tell their subject's story.

Directions

Take 5 to 10 minutes and interview someone (child or adult) about a significant moment or memory. Then, take the information and write a lede (you choose which one fits the best) to the moment or memory. Remember, the lede should give your reader an idea of what the story is going to be about.

*If you want to write the entire story, go for it! Our target here is selecting the best lede to tell a story; however, it never hurts to practice writing a full length copy.
