

Learn and Earn Opportunity!

- o Brainstorm an area of yearbook you want first-year staffers to be better trained on this upcoming year.
- o Create and submit a lesson plan. Make sure to address the four I's.
- o Optional: You may choose to include homework plans or assessment/reflection plans.
- o Try to be as thorough in your plan so that you can actually implement it during the school year after camp!
- o I'll give you feedback, and I'll be giving out **prizes** to the schools with the most creative and potentially effective lesson plans!
- o Do not hesitate to email me at kevinarifin31@ucla.edu with any comments, questions or concerns you may have!
